Monthly Llandysul Town Wi-Fi Report - June 2024

LLANDYSUL FOOTFALL

2023 November and December incomplete data due to technical issues.

Notes

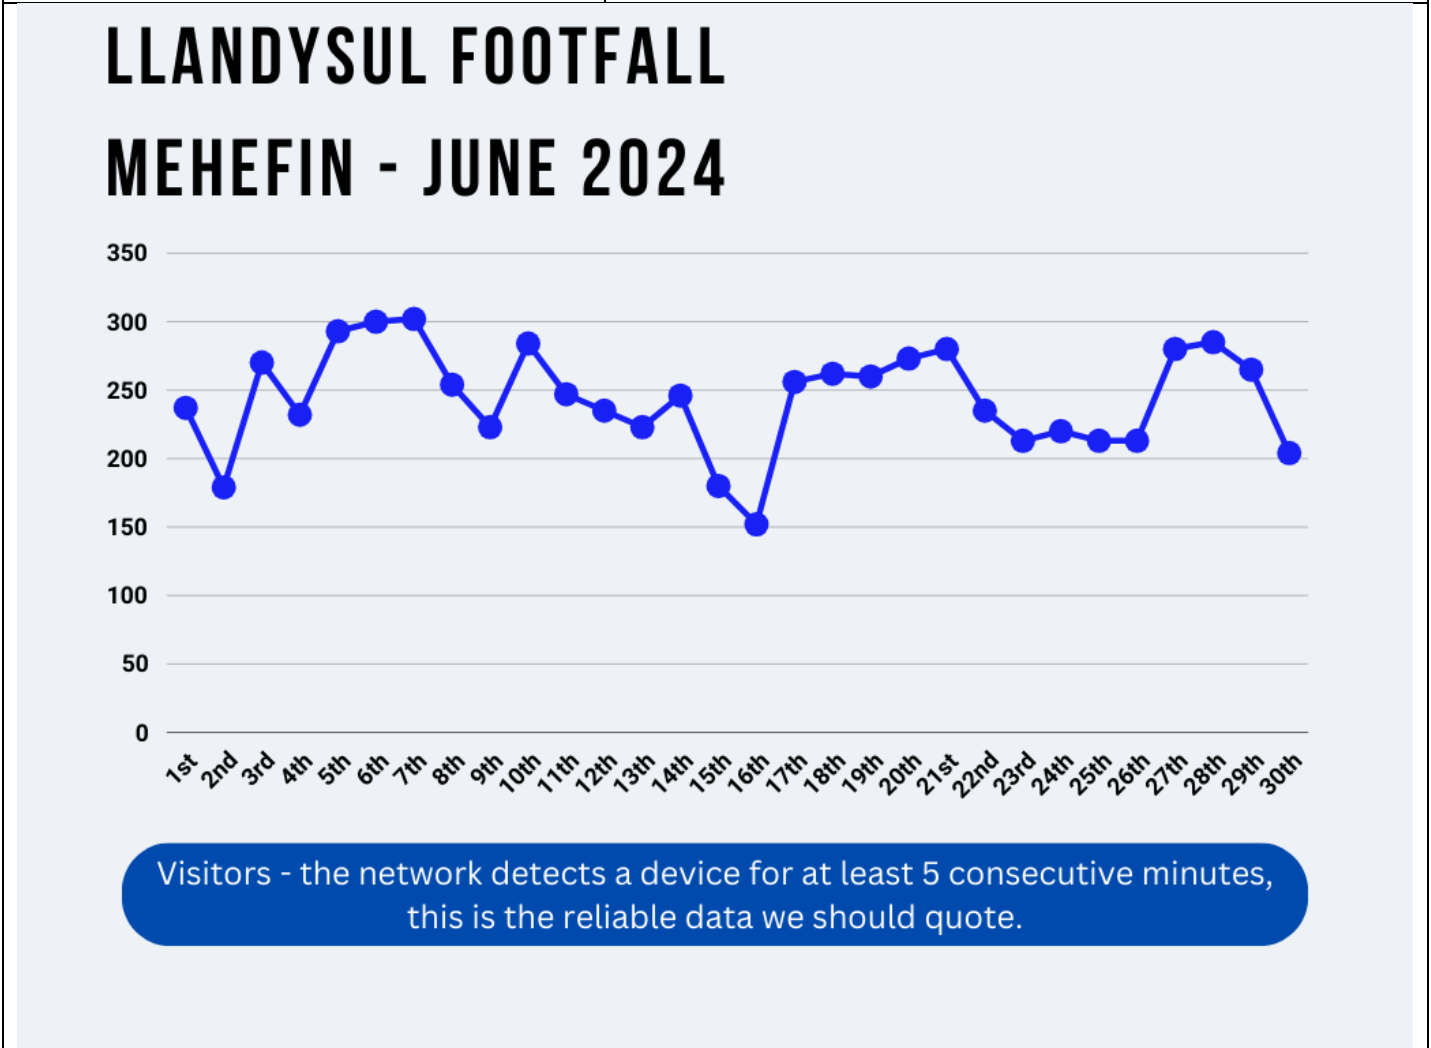

1. Sadly, there is a decrease in footfall for this month.
2. However, one of the units keeps losing connection with the internet and we lost about 9 days of data. We are trying to figure this out, the issue is intermittent.
3. There were many sporting events - cricket, touch rugby, bowls etc but all of these take place in the park, which means, no data.
4. Not every device can be detected, so the amount counted is not exact and there are not enough access points to cover the town. However, enough data is collected to spot any trends over time or to identify areas of the town that are particularly popular with visitors.
